

Main Street Journal endorses these candidates

★ *for* ★ Shelby County Government

Vote Tuesday, May 4.

On Tuesday, May 4, the future of Shelby County will be decided. Your voice matters. Your vote is needed.

The Main Street Journal is the leading conservative publication in Shelby County. It is our belief that these endorsed candidates will provide clear, consistent leadership for Shelby County.

Now more than ever, we need conservative candidates that will fight to lower the tax rate for Shelby County (currently the highest in Tennessee), push to stop unfunded liabilities and work to curb any reckless consolidation.

For many of these candidates, the May 4 primary is their general election. If they win their primary they will not face an opponent in the August general election. If things are ever going to change, we must take our one vote to the polls. Tuesday, May 4 matters for each of us. Let your voice be heard.
